...Hardware, Groceries and Meats...

Watch this space to keep in touch with a live business place. We are after your patronage and ask it only after careful consideration of the two necessary requirements of an up-to-date store.

QUALITY PRICE

To prove we are right in making this assertion we invite you to make a test of our goods and prices as compared with others. We especially call your attention to our Hardware Department. Although this is a new department with us we claim to carry more of the staple articles of Hardware than any one in the city.

AXES

We are selling this year the AJAX axes. An axe we feel safe in recommending to you as one of the best on the market.

Axe Handles (hand shaved and turned.)

WE wish to call your attention to our line of Nickel Lamps, Standard Oil Stoves, Cookers and heaters. These goods sell on their merits alone and a sale means another satisfied customer. We are the sole agents for the Lisk brand, guaranteed, consisting of Pails, galvanized, heavy tin and granite Milk Pans, Roasters, Boilers, Tubs, Dippers and Cups. We carry the Atlantic Gasoline and Oil Cans in 1, 2, 3 and 5 gallon sizes. We are safe in saying there is no other line on the market today that will correspond with this line in quality and price. We have a new line of Granite Ware on hand and George says "he feels proud to show it to his friends as a fair sample of our kind of goods."

Don't forget we are headquarters for Christmas goods---Pocket Knives, from 5c to \$2.50; Nickel Ware---Coffee Pots, Tea Pots, Tea Kettles and Baking Dishes.

Just a Word about Fencing

January 1st we will receive a car load of the PITTSBURG PERFECT FENCE. It is needless for us to recommend this to you. Take the best way of learning something about it. See one of our satisfied customers; for instance, Dan Morrison has 400 rods. He wouldn't buy any other.

These are the sizes:

7 times 26
8 times 30
9 times 39
9 times 42
10 times 41
10 times 47

For putting up fence we have a patent stretcher so simple a child could operate it.

Don't forget to buy your Staples of us. We carry them in 1¼ in, 1½ in. and 2 in. lengths.

We also carry the JACKSON FENCE, something above the ordinary. If you should decide to buy this fence you would make no mistake.

Grocery Department

We carry a complete line of Staple and Fancy Groceries. Our motto in this department is courteous treatment of customers and prompt delivery of goods.

Meat Department

We do not need to dwell long upon the merits of our market. A long string of satisfied customers is always the best of all and it gives us a great deal of satisfaction to note just how long this string is. Blake is always in charge of this department. Home cured Hams and Bacon will be ready for Christmas. Fresh and salt meats always in stock.

Tom Woodman will be on hand every day to receive taxes.

Don't forget the place.
